

2024 Social-Emotional Learning SUMMIT

Connect, Experience, Imagine

Calling all leadership teams, adults and students alike!

Join the TCOE team along with Cutler-Orosi student leaders to:

- Hear stories of campus culture transformations from teams across the county.
- Imagine ways to elevate student voice and design school systems together with our students, families, and communities.
- Learn strategies and approaches to connect students and families to school.

Prepare to spend the day connecting to self, connecting to others, connecting to nature.
